

Using the new, all-in-one login at www.nspf.org

Follow the steps below to set-up and use the new all-access, single-login system at NSPF.org.

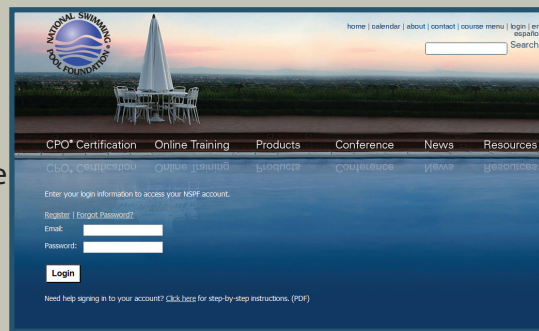

STEP 1

Go to www.nspf.org and click the login text link near the top-right.

STEP 2

If you have previously purchased items through the NSPF Online Shopping Cart, enter your cart account login information

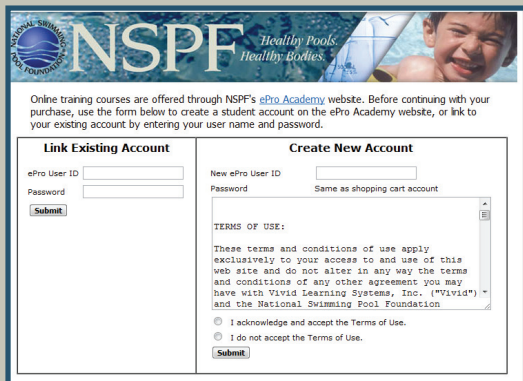

(email address & password) here and click the Login button. (You must click the login button. Pressing the Enter key will NOT sign you in.)

If you have not purchased in the past, click the register link and create an account.

NOTE: If you are an NSPF Instructor, you already have an account, so do not create a new one as your classes will not have Instructor site access from a new account. If you need your account password reset, please email webmaster@nspf.org.

STEP 3

After entering the correct login information, you will be prompted (one-time only) to link your NSPF account with your eProAcademy account.

If you have an eProAcademy account, enter your username and password on the left side and click Submit to link accounts.

If you do not have an eProAcademy account, create one by entering a username on the right side and accepting the terms of use. Click Submit to link accounts.

If you have an eProAcademy account, but have forgotten your username and/or password, please email webmaster@nspf.org.

STEP 4

After successfully linking your accounts (and after signing in at www.nspf.org in the future) you will be taken to your account homepage.

From here you can access any online training courses you have registered for and purchase courses or items from the NSPF Shopping cart via the Purchase Classes link.

If you need to modify any of your account information (email, password, billing address), go to the Shopping Cart and click My Account.

NOTE: If you are an NSPF Instructor, you will also see an Instructor link on this page that will take you to the Instructor Resource site.
